Key Ingredients For Each Health Challenge

MSM & Glucosamine — Joint
- MSM - Helps to improve connective tissue, retain elasticity, and relieve discomfort.
- Glucosamine - A key building block essential for supporting healthy hips and joints.

Omega-3 — Joint, Allergy, Immune, Heart, Dental
- Helps to maintain proper skin moisture, respiratory health, normal histamine levels, and helps to soothe skin related issues associated with seasonal allergies.
- May help reduce inflammation supporting overall tissue, gum, and joint health. May help support overall heart function and ocular health.

Bone Broth — Joint, Immune, Gut
- Helps soothe and repair the gut lining, reduce inflammation, and support beneficial gut bacteria due to its easily digestible nutrients, amino acids, and hydration properties.
- High in collagen, which along with the amino acids, helps strengthen and repair cartilage and connective tissue within joints. Helps to support a healthy immune system.

Collagen — Joint, Gut
- Helps improve joint related conditions by providing structure, lubrication and maintaining flexibility as well as having anti-inflammatory properties.
- May also help with the production of stomach acids, is packed with amino acids and has anti-inflammatory properties which are all essential for maintaining gut health.

Turmeric — Allergy, Heart
- Antioxidant and may help support the circulatory system.
- May be helpful for supporting skin allergy responses.

Grape Seed — Allergy
- Rich in antioxidants, including phenolic acids, anthocyanins, and flavonoids.

Reishi Mushroom — Allergy, Immune
- Has anti-inflammatory properties, may help enhance activity of natural killer cells making the immune system more effective.

PB6 Probiotic — Immune, Gut
- A probiotic that is scientifically proven to survive travel through the complete GI tract for optimal stomach and intestinal balance.

Sea Cucumber — Immune
- Rich in compounds with immune-boosting properties.

Hawthorne & L-carnitine — Heart
- Hawthorne - May help improve blood circulation, regulate heart rhythm, and reduce blood pressure.
- L-carnitine - a chemical that supports heart and brain function, and muscle movement.

Vitamin C — Joint, Immune
- Supports a healthy immune system, works as an antioxidant and helps support the manufacturing of collagen.

Vitamin E — Allergy
- An antioxidant.

ProDen PlaqueOff® — Dental
- 100% natural kelp that helps to support healthy teeth, gums, and breath odor.
